

SCALING IMAGES

Create a folder called **Scaling** in your unit folder. Download inside this folder the image **boda.jpg** from the web site given by your teacher.

Open this image in GIMP, and save it with 5 different sizes and names. For each size, you should open the original image, scale it, and save it with its appropriate name. The sizes are:

SIZE (Width x Height)	FILE NAME
200x200	boda200200.jpg
500x500	boda500500.jpg
500x200	boda500200.jpg
200x500	boda200500.jpg
Width = 300, and proporcional height	boda300.jpg

At the end, in your exercise folder you should have something like this:
