

CREATING AN IMPRESS PRESENTATION WITH THE WIZARD

Create a new presentation from template by using the presentation wizard. Go to menu *File > New* and follow these steps:

1. Choose a “From template” presentation, and then choose “Recommendation of a strategy”. Then click *Next*.
2. Choose “Brown” as background, and “Screen” as output medium. Click *Next*.
3. Choose any type of effect, with a “Slow” Speedy. Click *Next*.
4. In the 4th step, the subject of the presentation must be “Exercise 1”, and the future ideas “Personal work with Impress”. Click *Next*.
5. In the 5th step, the presentation must contain the following slides: Title, Overview, Long-term goal and Recommendation.

Once you have finished your work, save it as **PresentacionAsistente**.
